1. Policy Statement Addressing Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Campus Director, constitutes an ongoing or continuing threat, campus wide "timely warning" will be issued. The warning will be issued through the MediaTech email system to staff and faculty, and the campus Facebook page for students.

Anyone with information warranting a timely warning should report the circumstances to the Campus Director by phone or in person at the local campus.

With your permission, the Campus Director can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the campus can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

During Orientation in January, May and August, a slide presentation outlines ways to maintain personal safety on campus. Students are told about crime on--campus and in surrounding neighborhoods. Similar information is presented to new employees.

Periodically, seminars are offered in crime prevention, sexual assault prevention and environment awareness.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

In addition to seminars, information is made available to students and employees through crime prevention awareness packets, security alert posters, displays, and articles.

When time is of the essence, information is released to the campus community through security alerts posted throughout the campus and classroom announcements.

10. Policy Statement Addressing Crime Prevention Programs for Students and Employees

The MediaTech Institute campuses do not have any programs designed to inform students and employees about crime prevention. The campus does offer a Power Point during Orientation for both employees and students that discuss Crime Prevention.

11. Policy Statement Addressing Criminal Activity off campus

MediaTech Institute does not have any officially recognized student organizations with off--campus locations.

12. **Policy Statement Addressing Alcoholic Beverages**

The possession, sale or furnishing of alcohol on a MediaTech Institute campus is governed by campus Alcohol Policies and state laws for the state in which the campus is located. Laws regarding the possession, sale, consumption or furnishing of alcohol is controlled by the Texas Department of Alcohol and Beverage Control. However, the enforcement of alcohol laws on campus is the primary responsibility of the campus.

All MediaTech Institute campuses have been designated "Drug Free" and the consumption of alcohol is prohibited. The possession, sale, manufacture or distribution on any controlled substance is illegal under both state and federal laws. Violators are subject to campus disciplinary action, criminal prosecution, fine and imprisonment. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone under 21 years of age in a public place or a place open to the public is illegal. It is also a violation of the MediaTech Alcohol Policy for anyone to consume or possess alcohol in any public or private area of campus.

13. **Policy Statement Addressing Illegal Drug Possession**

The State of Texas sets 21 as the minimum age to purchase or possess any alcoholic beverage. Specific ordinances regarding violations of alcohol laws, including driving while intoxicated, are available from the State office of Public Safety.

results of the disciplinary decision to the victim's next of kin, if so requested.

16. Policy Statement Addressing Sex Offenses - Sexual Assault Prevention and Response

MediaTech Institute educates new students about sexual assaults and date rape through mandatory orientation each January, May and August. Students Services offers information meetings on sexual assault for students and employees upon request. Literature on date rape education, risk reduction and school response are available through Student Services.

If you are a victim of a sexual assault at this institution, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The Institute strongly advocates that a victim of sexual assault reports the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to the Campus Director, President or to the Local Police Department. MediaTech personnel will assist the student in notifying the authorities, if the student requests assistance. Filing a police report will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers.

Filing a police report will:

- Ensure that a Victim of Sexual Assault receives the necessary medical treatment and tests at no expense to the victim.
- Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam)
- Assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

Counseling and support services outside the campus system can be obtained through the National Sexual Assault Hotline at 1-800--656--HOPE or www.rainn.org

17. Policy Statement Addressing Sex Offender Registration

This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student. In the State of Texas, convicted sex offenders must register with the [Sex Offender Registry](#) maintained by the Texas Department of Public Safety.

The [Sex Offender Registry](#) is available via Internet. Registry information provided shall be used for the purposes of the administration of criminal justice, screening of current or prospective employees, volunteers or otherwise for the protection of the public in general and children in particular. Unlawful use of the information for purposes of intimidating or harassing another is prohibited and willful violation shall be punishable as a Class 1 misdemeanor.

The Texas Department of Justice is responsible for maintaining this registry. Follow the link below to access the website. <https://records.txdps.state.tx.us/sexoffender>

CLERY REPORTING

The purpose of Clery is to encourage reporting and collection of accurate campus crime statistics to promote crime awareness and enhance campus safety. This report form provides a uniform method of documenting the What, When, and Where of certain reportable crimes and/or non--criminal hate motivated incidents that have occurred and have been reported to Campus Security Authorities (CSA). Data collected on this form is to be used to increase public safety, not to identify the victim; therefore, personal identifying information is not required. It is the policy of MediaTech Institute to encourage victims and/or witnesses to report crimes to the police and/or a designated CSA. A complete list of CSA's can be found in the 2015 Annual Clery Report, by campus location. For the purposes of Clery, CSA's are required to document certain reportable crimes and non--criminal hate motivated incidents which have been reported to them and which have occurred in the following locations:
